

Work, Voice, Pay Monthly - January

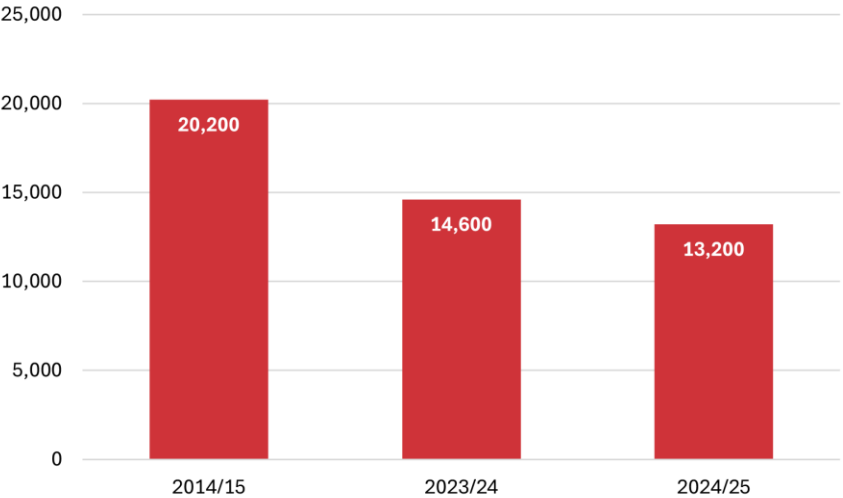

RPI is up to 4.2% driven by rising food prices

Inflation forecasts are usually wrong. Tying pay to them leaves workers short-changed

We can't rely on the state to keep us safe at work: Health & Safety Executive inspections are a third lower than 10 years ago

A worker earning £45k will lose £2,025 in take-home pay due to Labour's **stealth tax** over the next five years
