

UNITE Swansea Area Retired Members Branch WA/B2001 Report

Monday 22nd January 2024

Ageing Well Contact Event National Maritime Museum 11:00 – 14:00.

This was the largest contact event so far organised by the City and County of Swansea Council Ageing Well team. There were 71 stalls at the event.

Despite the bad weather which resulted in there being no electrical power the event was very well attended!

The UNITE Swansea Area Retired Members Branch had a stall at the event. That was used to promote UNITE Retired Members but also National Pensioner's Convention Wales.

The stall was run by officers and members of the branch and we spoke to many people.

Quite a few young people came to talk to us and enquire about Trade Unions. We plan to follow up on that at future events.
