**Important training information for reps and activists
JANUARY - DECEMBER 2026**

Unite London & Eastern is proud of our richly diverse region and we are firmly committed to equalities for all. We strongly encourage ALL reps and branch officials to attend equality & diversity courses/workshops as part of the region's 'Industrialisation of Equalities Strategy' – We are ALL affected by equalities issues!

Unite provides a first-class education provision. Courses are designed to empower you and give you the confidence to represent our members, as well as enhancing your personal development by learning new skills and knowledge. The core Equality & Diversity course is designed to give all Unite Reps and Branch officials the confidence and knowledge to address equality and diversity issues by guiding you through Unite Policies and the Equality Act 2010, which underpins the legislation that we rely on to win for our members. Equality Workshops supplement the core course by providing knowledge and tools to address some of the many issues experienced within the workplace.

This schedule includes information on the region's equality structures and our equality & diversity courses/workshops. The full course list and information on Unite education services is available at: www.unitetheunion.org/education. You will find both online and in-person courses to be held in Unite Offices. We understand that reps have differing preferences/needs for online or in person courses - please be assured that we are committed to providing both options and we are planning more courses as the dual programme develops. If you have any learning needs, eg, dyslexia, impaired hearing, impaired sight that you may need support with, please let us know so that Ruskin College/Unite can endeavour to assist you.

Courses are delivered by Ruskin College tutors and/or Unite specialists/leaders, using collective and collaborative approaches to teach trade union education, including blended learning, tutor led sessions, breakout rooms for group study and independent learning. Courses will run from 9.30am – 4.30pm (unless stated) with regular refreshment and comfort breaks. Online courses use online and offline approaches to complete activities to avoid long periods on the screen, via Ruskin College – Virtual Google Classroom or via Unite Zoom Link.

Unite – your Union remains ready to support you! We urge you to take advantage of the training that Unite offers so that together, we are prepared and confident to continue winning for our members – JOBS, PAY & CONDITIONS.

Thank you for fulfilling this vital role and your continued endeavours in support of Unite members and their families.

We look forward to welcoming you at a course.

- **EQUALITY WORKSHOP – NEGOTIATING REASONABLE ADJUSTMENTS (1 day)**

Online 27 March 16 November

Equality law recognises that bringing about equality for disabled people may mean changing the way in which employment is structured, the removal of physical barriers and/or providing extra support for a disabled worker. Disabilities can be visible and invisible. The duty for employers to make reasonable adjustments aims to make sure that a disabled person has the same access to everything that is involved in getting and doing a job as a non-disabled person, as far as is reasonable. This course will cover what can be defined as a disability under the Equality Act, and how to support a member in gaining reasonable adjustments from an employer, and how to signpost members for support outside of the workplace. This interactive workshop includes: The law around disability at work; What are reasonable adjustments? Recent tribunal cases and improving workplace policies. Please bring a copy of your relevant workplace (equality, diversity, inclusion) policies for self-review.

- **WORKSHOP – TACKLING RACISM IN THE WORKPLACE (1 day)**

Online 30 March 5 October

Within our movement it is now widely accepted that race equality is a key trade union issue. Trade unions have a crucial role to play in helping to create working conditions that are fair to all workers – including Black, Asian and ethnic minority workers. The Equality Act 2010 provides protection for our members from racism and harassment and the opportunity to promote race equality. This course aims to build on good practice and assist in developing policies as part of our bargaining agenda on race equality in the workplace. We want to ensure that all negotiators have as much support as possible in understanding and dealing with racism and harassment, but also to create a climate in the workplace that welcomes diversity and positively promotes good race relations. Please bring a copy of your relevant workplace (equality, diversity, inclusion) policies for self-review.

This workshop will look at the statistics and highlight of the issues that male colleagues experience including: andropause, suicide, heart disease, mental health challenges and dispelling the ‘man up’ culture which can have an impact on performance, health & safety and attendance at work. PENSIONS STAGE 1 (5 days)

Online 20-24 April 13-17 July 23-27 November

Unite Office(s) Regional Office 1-5 June

Pensions are an integral part of Jobs, Pay & Conditions which are often overlooked or compromised due lack of awareness, diminishing available schemes or even the cost-of-living crisis. Pensions should be high on the wage claim as they represent deferred wages. We strongly recommend all reps and branch officials attendance to enable effective collective bargaining to avoid poverty in retirement. eg: As a result of Women, BAEM, Disabled and LGBT+ Pay gaps, these people will experience an increased detrimental impact; absence from work due to maternity, ill health or industrial death. This is an essential course to support the region's strategy for equality in work and in retirement.

This course is designed to provide an understanding of pensions to enable reps and branch officials to develop their representational skills in basic pension provisions. As the prospect of retirement at a reasonable age seems further and further away, good pension arrangements are more important than ever, whether provided by employers, the Government or a combination of the two.

In a world of change, can you prevent a change in pension arrangements from turning out to be a disaster? Is your pension at work good enough and, if not, what can you do about it? Is there a threat of your scheme closing, as many have others have done, and, if there is, can closure be prevented? And what about the State pension, auto-enrolment and NEST (National Employment Savings Trust)? What's going on? - What can you do about it? This just what this Pensions introductory course is all about. Sign up and make sure that you are in the know. Please bring a copy of your scheme handbook and annual benefit statement for self-review.

MESSAGE FROM SHARON GRAHAM, GENERAL SECRETARY

“Equalities is at the centre of our Industrial Strategy and it is put firmly on the bargaining table. I understand the clear and urgent need for our union to action all Unite equalities policies to move forward. Union Equality Reps by Rule should be elected in every workplace and branch and play a very important role in building a strong campaigning union for all. We continue to call for collective statutory rights for all union equality reps who make a real difference in the workplace, in the wider community and in the union.”

“EQUALITIES – ACTION - NOT WORDS!”
